Judge Weisman:

I am aware of the charges
against my patient, Walter T. May.

He has a complaint of pain
in a tooth that has recently treated
by a restorative dentist. Walter has
had problems with his occlusion (bite)
in the past and therefore a differential
diagnosis will be necessary to determine
the tooth is endodontically (root canal) or
is the pain the result of trauma from
the occlusion.

The estimated time for the evaluation
would be approximately 1 1/2 hours.

I have appointed him at 11:10 AM.
on January 10, 2007.

Dr. John R. Shepherd
